

Looking for a creative workspace?

Factsheet Coworking
with workshop and meeting rooms

Intro

With the place, not only new possibilities for modern living are created, but also innovative forms of collaboration. The various coworking spaces, workshop areas and meeting rooms offer the perfect conditions for optimizing your own workflow, depending on your requirements.

the garage

where everything started

In our coworking area you will find everything you need for concentrated work or creative brainstorming. Several think tanks and workstations are available in the different areas. Also included: a small kitchenette where you can get hot and cold drinks. In addition, our outdoor area also offers numerous possibilities and serves the perfect backdrop for lunch or after work. Bookable individually, as a team or exclusively!

the backyard

where you can look ahead

The terrace adjoining the coworking area is not only a lounge area with lots of atmosphere, but also the perfect spot for a relaxed get-together or a deep breath in between. The view can be enjoyed particularly well here with food and drinks. Or simply take a breath of fresh air for new ideas! The access to the backyard via the garage is open to all guests of the coworking area.

Master & Mind

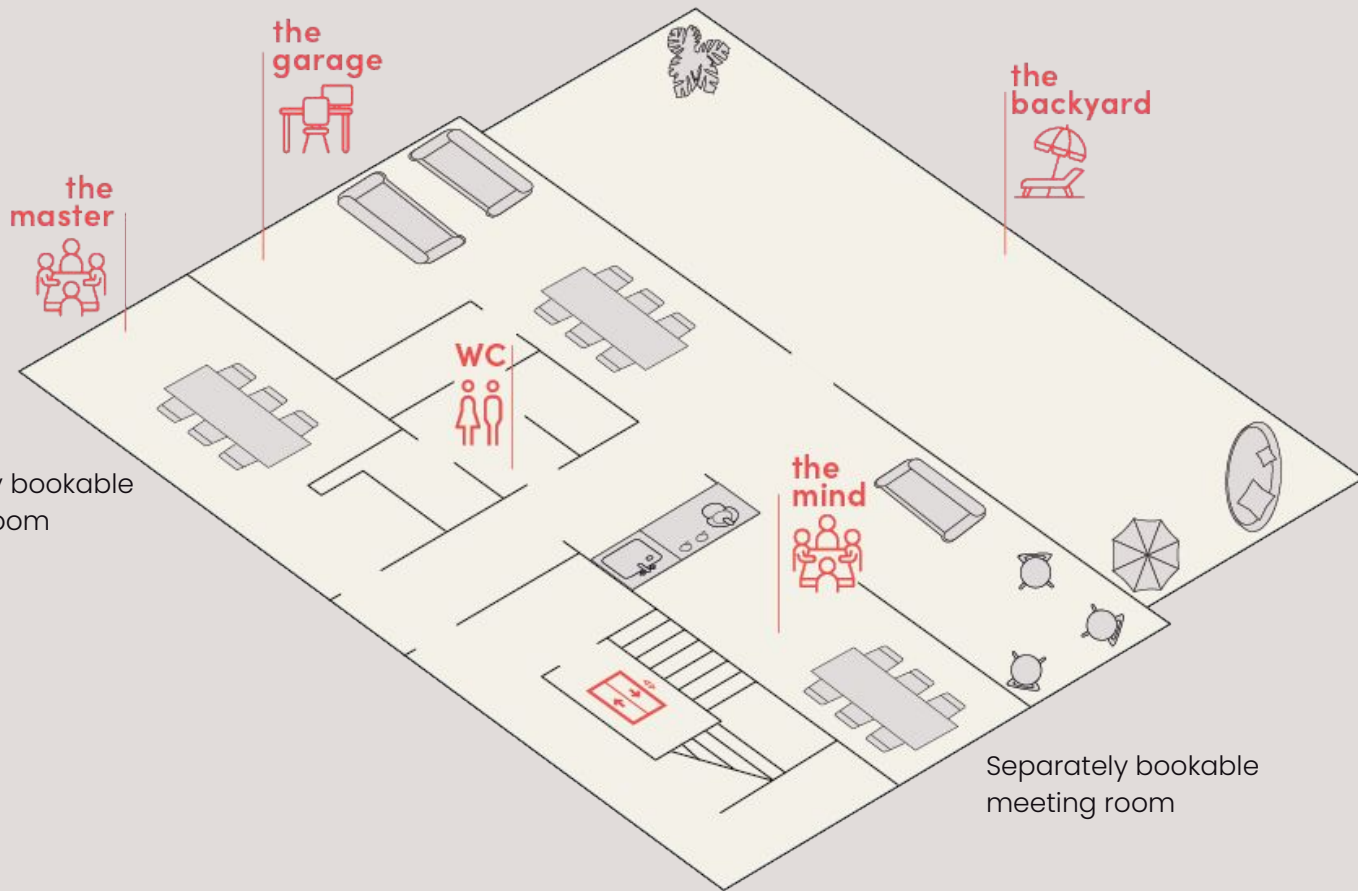

where we talk „Tacheles“

Two meeting rooms offer table space for up to eight people. Because so many ideas don't even fit on a flipchart, there's a writable wall space for "big ideas"! Whether for a meeting, a presentation or a joint brainstorming session - what happens in the Mind & Master stays in the Mind & Master. Exclusively bookable.
